

H2O-SF002

Our SF002 shower filter, with **Chlorigone™**, is a highly specialized next gen filtration system that is 100X times more effective at removing and / or controlling Chlorine, Chloramines, lead, mercury, cadmium, aluminum and other heavy metals. In addition the SF002 primary first stage, with **Chlorigone™**, the internal filter is a hybrid system including our proprietary **SENTINELTEK™** as a supplementary secondary stage.

Our proprietary **SENTINELTEK™**, can remove up to 99% of water-soluble chromium, mercury, lead, nickel, and other dissolved metals. The proprietary blend is extremely effective in controlling the buildup of bacteria, algae, fungi and scale, acting as the market leading pre filtration system applications for kitchens, bathrooms, and bathing.

Additionally, creating a wall of protection via an electro-chemical reaction, our proprietary **SENTINELTEK™** transfers electrons between molecules, converting harmful materials to inert and harmless compounds. Free chlorine, for instance, is changed into benign, water-soluble chloride, which is then carried harmlessly through the water supply.

SPECIFICATIONS & FEATURES

Item Weight: 0.5 Pounds

Dimensions: 3 x 2 x 7 inches

Filter Cartridge Life: 10,000 Liters Inlet/ Outlet: 1/2 Inch

Water Pressure: 28 - 114 PSI

SOFTER AND CLEANER WATER

Did you know that you absorb more chlorine through your skin, eyes, and respiratory system, while taking a shower, than from any other activity you do all day? With this filter you can remove up to 99.9% of Chlorine and Chloramines from your shower water.

KEEP YOUR EXISTING SHOWER HEAD

This In-line shower filter assembly attaches easily to your existing arm at one end and then to the existing showerhead at the other.

HEALTHIER SKIN & HAIR

Chlorine has a drying effect on hair and skin, and may also damage treated hair. Filtering your shower water promotes better skin and hair thanks to reduced exposure to chlorine.

LONG LASTING & EASY TO INSTALL

The durable resin inline filter assembly with a chrome finish installs in 3 steps.

- Helps to improve the condition of skin and texture of hair.
- Replaceable cartridge filter life up to 10,000 liters.
- Meets the de-chlorinating requirements of the EPA's Clean Water Act & environmentally safe.
- No loss in your shower water pressure.
- Totally neutralizes chlorine in your shower water.
- Easy to install (1/2inch, International Standard)
- Easy to change filter cartridges

REMOVES & CONTROLS

Chlorine
Hydrogen Sulfide
Iron
